

**DESIGNING AND IMPLEMENTING
A NEEDS ASSESSMENT –
*facilitated discussion***

**DR. BRIAN F. GEIGER, FAAHE
DR. MARCIA R. O'NEAL**

**ARCH Lifespan Respite Grantee/
Partner Meeting
October 27, 2010
Baltimore, MD**

INITIAL STEPS

- Feb. 2009 - Established a coalition of state and private agencies, HJR170 - *Alabama Lifespan Respite Resource Network*
- Summer-Fall 2009 - Compiled an inventory of available respite resources for caregivers
- Fall 2009 - Planned assessment to determine unmet needs

EXTERNAL EVALUATION

- Alabama Department of Senior Services (ADSS) contracted with UAB Center for Educational Accountability (CEA) to evaluate Lifespan Respite Care
- CEA monitors whether AOA objectives are met by ADSS
- Evaluation addresses three priorities specified in the Lifespan Respite Care Act of 2006
 1. expand and enhance lifespan respite care
 2. statewide coordination of respite care services
 3. supplement and improve access to family caregivers

APPROACH TO GATHER INFORMATION

- Qualitative and quantitative data from family caregivers & respite service providers (*in progress*), and network members (*planned*)

- 3 evaluation goals, to identify:
 1. **Current respite capacity & change**
 2. **Needed enhancements to respite provider training and service delivery**
 3. **Facilitators and barriers to a coordinated system of lifespan respite care**

- Collaborate with Network and its Capacity Workgroup
- Solicit suggested survey content
- Review “Evaluating and Reporting Outcomes: A Guide for Respite and Crisis Care Program Managers” (ARCH)
- Solicit review of draft
- Obtain necessary approvals (ADSS, UAB OIRB)
- Plan distribution through existing agency and individual contacts (Email templates, HTML links, newsletter inserts, recruitment letters)

“Somewhere, something incredible is waiting to be known.”

Dr. Carl Sagan

- Survey items primarily objective and grouped in five general categories: *demographics, respite agency rules and service history, perceived caregiver needs, knowledge of other respite providers, and provider's training needs*
- Est. 30 minutes to complete written or online surveys
- No compensation for respondents
- Responses to-date:
 - **718 family caregivers**
 - **120 respite service providers**

“Being thrust into the role of caregiver without any preparation is difficult under any circumstances.”

Carol Levine

Sample Items Family Caregiver Survey

11. How do you expect respite services to help you as a caregiver?
