Agenda

- Welcome and Introductions
- Peer Contacts Poll
- A Conversation with Dr. Rebecca Utz, Respite Researcher and Professor of Sociology, University of Utah.  
  Rebecca will be showing us behind the scenes of her research, discussing how she identifies evaluation questions and measures, how data are gathered and analyzed, and how family caregivers and care-providers participate in the work. Learn about her current research, *Time for Living & Caring (TLC)* here: [http://tlc.gslc.utah.edu/](http://tlc.gslc.utah.edu/)
  Dr. Utz is also interested in learning from us. For example, what questions do we, as providers and family caregivers, want answered through research? What are the common data elements important for understanding the impact of respite on family caregivers?
- Peer check-in and sharing
- Topics for Future Meetings Poll
